About Us

Assalama Institute of Ophthalmology Calicut Ltd, a public limited company based in Calicut, Kerala, is managed by a group of dedicated NRIs with a shared vision. Our primary mission is to offer the highest quality eye treatment and world-class education at affordable prices, catering to all sections of society. In line with our commitment to societal progress, Assalama Institute of Ophthalmology Calicut Ltd envisions developing effective, competent, and technically skilled architects who can address the evolving needs of society and the nation. To achieve this, we have established **ABATE Institute of Architecture** to promote educational excellence in the field.

BCA, MCA.

Educators of ABATE

Bachelor of Architecture

India, as a fast-developing country, offers a vast human resource for national prosperity. As an educational institution, we are dedicated to moulding qualified architects who can secure respectable positions in the industry. Our course integrates both design practices and academic studies, allowing students to apply their academic knowledge to real-world projects.

Through their studies, students critically explore topics such as architectural design, construction, sustainable design, social and cultural contexts, and their evolving identity as architects. This holistic approach helps them understand the broader impact of their work.

Practical experience enables students to collaborate, engage with communities, and create responsive architectural solutions. The college supports their professional growth in sustainable, energy-efficient architecture, environmentally sensitive design, and both theoretical and practical training.

STUDIO 2

The Semester III Architecture Design Studio focused on residential design, emphasizing spatial organization, site analysis, climate responsiveness, and integrating client needs, regulations, and volumetric massing through iterative processes.

ABATE Studioscape

ABATE Studioscape

STUDIO 3

The Semester V Architecture Design Studio focused on designing an international convention center, emphasizing sustainability, energy efficiency, and site-responsive design through field studies, case analyses, and expert mentorship.

STUDIO 4

The Semester VII Architecture Design Studio focused on designing a School of Photography and Journalism, emphasizing transitional spaces, environmental performance, community interaction, and contextually responsive design.

ABATE Studioscape

STUDIO 5

ABATE Studioscape

The Urban Design Studio 2024 blended theory with hands-on experience, with a Minor Project focused on urban design literature and a Major Project on revitalizing Mumbai's Kala Ghoda precinct.

PUBLIC EXHIBITION

The KALARCH: Art & Architectural Perspectives Exhibition at the Kerala Lalithakala Akademi Art Gallery, Malappuram, featured an Architecture Students Design and Art Works Exhibition, along with a series of talks and workshops to raise awareness about the significance of architecture in society.
